*This list of references is provided as a guide for exam preparation purposes and represents a selection of recommended resources. It is important to note that this list is not exhaustive and may not cover all potential exam questions. The inclusion of these references does not imply that they are the sole resources necessary for exam preparation, nor does it guarantee that all exam questions will be based solely on these materials. It is advisable for candidates to supplement their study materials with additional resources to ensure comprehensive preparation for the exam.
