ANNUAL REPORT

FROM THE CHAIR

2023 marked a significant transition in leadership, bringing fresh perspectives and renewed vision to our organization. By hiring Metacred, an Association-Management Company that specializes in credentialing, BGC has embraced new strategies and innovative approaches while remaining committed to our core values. Our new leaders have brought a wealth of certification experience and a dynamic outlook, helping to guide us through transformation with confidence and clarity. As we have navigated this period of change, BGC has reinforced its commitment to stability, growth, and long-term success. While change is sometimes difficult, these leadership shifts have positioned us for a much stronger future.
