

# CERTIFIED INDUSTRIAL HYGIENIST (CIH) ANNUAL REVIEW - 2025

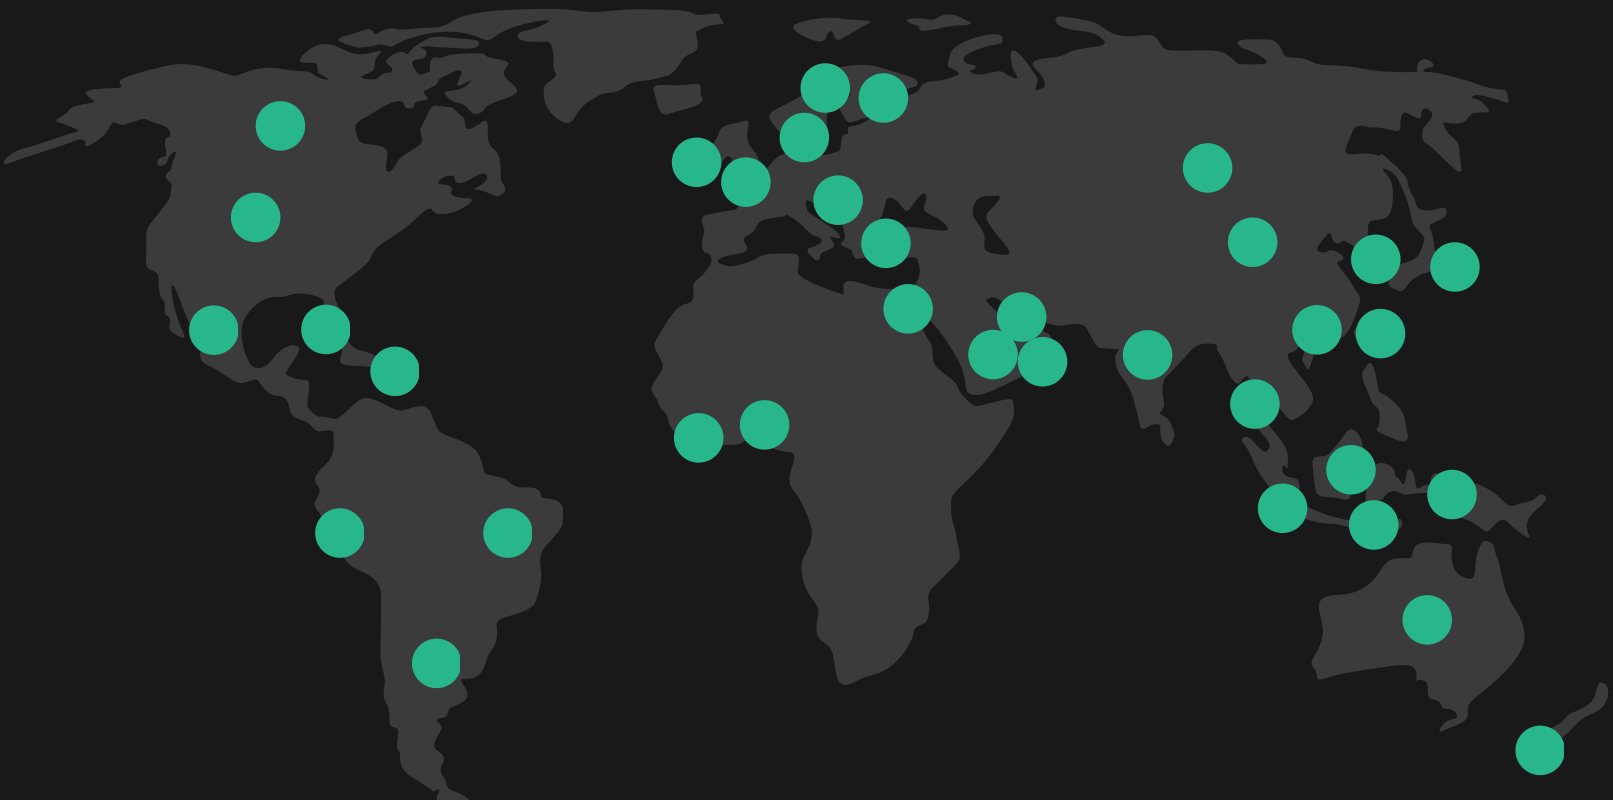

A Certified Industrial Hygienist (CIH) is a credentialed professional who specializes in anticipating, recognizing, evaluating, and controlling workplace hazards to protect worker health and safety. This certification ensures that practitioners meet rigorous standards of technical competence and ethical responsibility, which strengthens trust in the profession and promotes global consistency in health protection. By setting a benchmark for excellence, the CIH designation supports efforts to advance professional practice, safeguard communities, and foster environments where health and safety are prioritized.
